

2024 Just Premium Application – Open Enrollment

In keeping with our Franciscan heritage, FMOLHS is committed to offering team members in need an opportunity for reduced Health Plan premiums. The “Just Premium” application process reflects those most in need by using total household income and current hourly rate to determine premium reduction eligibility.

To qualify for the Just Premium, you must be a full-time team member, your total household income cannot be more than the amount in the box below based on your 2022 dependents **and** your current hourly rate cannot exceed the amount below. For purposes of the Just Premium reduction, your total household income is the Adjusted Gross Income for you (and if married, your spouse) as reported on your 2022 U.S. Individual Income Tax Return. If you did not file a 2022 federal income tax return, you are ineligible to receive the 2024 Just Premium. If your spouse filed a separate return for 2022, you will need to combine your spouse’s Adjusted Gross Income with your Adjusted Gross Income.
