

Capability Document

This document provides guidance to referring hospitals and employed and affiliated physicians about usual and customary capabilities provided at St. Dominic-Jackson Memorial Hospital. This document changes often, and the most current document can be obtained by emailing capacity@stdom.com or calling **601-200-2777**.

No Capability for Emergency Care	Clinically Specific Capability	Current Capability
<p><i>There is currently no capability to care for emergency patients that fall within the below categories.</i></p>	<p><i>Patients that present with these conditions will need some additional medical information to ensure that clinical capability is available.</i></p>	<p><i>If there is capacity, Patient Care Access clinical providers can accept these patients to the Emergency Department. See note about behavioral health below.¹</i></p>
<ul style="list-style-type: none"> • Behavioral Health Services² • Multi-System Trauma (including all burns) • Pediatrics (0-15 years) <ul style="list-style-type: none"> ◦ Trauma and Medical Conditions ◦ Psychiatric Emergencies (0-18years) • Oncology <ul style="list-style-type: none"> ◦ Induction Chemotherapy (Leukemia) • Hematology <ul style="list-style-type: none"> ◦ Exchange Transfusions (Sickle Cell Acute Chest) • Ophthalmology • Pulmonary <ul style="list-style-type: none"> ◦ Pulmonary stents or debulking procedures • Orthopedics <ul style="list-style-type: none"> ◦ Acetabular Fractures ◦ Musculoskeletal oncology ◦ Tibial Plateau Fractures • Transplant Medicine <ul style="list-style-type: none"> ◦ Includes solid organ, cornea, bone marrow and fecal transplants • Oral and maxillofacial surgery • Transfers for forensic evaluation only (Sexual assault, foreign body retrieval) • Esophageal Injuries • Emergent Aortic Arch/Valvular Cases 	<ul style="list-style-type: none"> • Plastics and Hand Surgery (non-reimplantation) <ul style="list-style-type: none"> ◦ Limited on-call coverage depending on surgeon on call, please call PACE to identify capability and specifics • Dermatology (no inpatient services) <ul style="list-style-type: none"> ◦ Unless systemic disease can accept and have OP follow up (Hospitalist to determine) • Hemodialysis- Vascular Access Complications <ul style="list-style-type: none"> ◦ Currently, no capacity to revise HD shunts but can manage and stop hemorrhage and replace with temporary HD catheter. • Adolescent Patients (16-18) <ul style="list-style-type: none"> ◦ Limited specialist coverage of operative and ICU care. ◦ Patients will be accepted based the admitting specialist who must have agreement from all reasonably needed services prior to acceptance • Lateral Transfer(s) <ul style="list-style-type: none"> ◦ Transfers request from hospitals with published same service capabilities shall be reviewed by transfer center medical director or designee. • Otolaryngology (ENT) Emergencies <ul style="list-style-type: none"> ◦ No traumatic injuries ◦ Limited on-call coverage, please call PACE for current call coverage 	<ul style="list-style-type: none"> • General Medicine and Intensive Care • General Orthopedic Emergencies • Emergency Medicine (Seen in ED and likely discharged after procedure or consult) • Endocrine emergencies • Gastrointestinal Emergencies (including ERCP) • Neurology (Stroke and Non-Stroke) • Neurosurgery <ul style="list-style-type: none"> ◦ Includes isolated traumatic SDH • Obstetrics and gynecology <ul style="list-style-type: none"> ◦ Includes precipitous deliveries and newborn medicine • Oncology and Hematological Emergencies <ul style="list-style-type: none"> ◦ Includes plasmapheresis • Surgical Emergencies <ul style="list-style-type: none"> ◦ Includes thoracic, vascular, cardiovascular

¹ St Dominic hospital lacks the inpatient capability from a security and healthcare perspective to manage patients under arrest without the presence of an accompanied corrections officer/police officer. Emailing capacity@stdom.com for any outpatient request for services for these patients.

² Behavioral Health Services is no longer offered at St Dominic Hospital as of June 6th, 2023. Please contact Transfer Center if a list of alternative BHS sites are needed.
